

Alevette Project

Altevette Project funds the development and support for disadvantaged girls through education in the remote region of Upper Mustang in Nepal. Girls in this area have little opportunity for education due to the lack of schools at high altitude in such remote and harsh regions and are vulnerable to extreme poverty and exploitation.

The school provides accommodation and education to girls from impoverished families living in the remote highlands of Upper Mustang on the border with Tibet and other nearby Buddhist Himalayan regions.

Please help us to provide some warm clothing for the girls and their teachers. We have 53 girls and 9 teachers and will be visiting the school at the end of October.

If you have any new or good condition, clean warm clothes such as leggings, tracksuit trousers, joggers, hats, scarfs & gloves please be kind enough to donate. We will carry them with us when we go to Nepal at the end of October. As we fund all our trips ourselves (we don't take expenses from donated monies) we will be limited in our baggage allowance so no heavy items such as shoes please.

A drop off box will be available at 13 Lemsford Village AL8 7TN and we will collect several times during October.
